

August 2020

Dear Parent/Guardian

Due to the current Coronavirus COVID-19 pandemic and to help students and staff maintain social distancing 'bubbles' or 'hubs', we are having to cater for students slightly differently as they return back to school in September.

We are introducing a pre-ordering service with a simpler 'Grab & Go' offer for years 7 to 11 which will enable students to order their lunch ahead of time, allowing meals to be delivered on time to the designated service areas for each of the year groups, alleviating long queuing times.

The pre-ordering service will also be used within the 6th form area where we will continue to offer our existing offer.

Order forms will be issued each Friday with a deadline for return of 9.00am the following Monday to the following email address: aip@heart-england.co.uk

The pre-ordering system will be reviewed after the first half term and we would welcome any suggestions for possible improvements.

Regards
